### Russia and Eurasia Programme

- What changes will be experienced by the Russian state, political elites and society as a result of Russia's war on Ukraine?
- How is the war likely to impact key systemic forces inside Russia? How might they influence the eventual succession to Putin?
- How is the war likely to impact the regime's domestic and foreign policy capabilities?
- What effect is the war having on Russia's regional cohesion?
- The Russian economy of the future: in a post-war, decarbonizing world, what can it offer?
- How can Russians work towards a policy vision for a better-governed Russia that is at peace with itself and its neighbours?
- Can the exiled, non-systemic opposition play a useful role in bringing change and/or in governing a future Russia?
